General Comment

The government placed itself in my life by telling me I had to give it so much money out of every paycheck to fund a social program called social security. We were told it would be a very small amount, not subjected to taxes and would be there for everyone in the future. I had/have no say in how it is governed, and our Congress has spent the money instead of investing it as I would have done, and now leaves a trail of what in the future will be worthless IOU's. The money my wife and I did put back ourselves MUST NOT be placed in any manner at the discretion of this government that so ruthlessly taxes, spends and does not prepare for our future. LEAVE MY 401(K) and other savings alone; I have placed it in the hands of a very capable institution that is making me money instead of leaving me IOU's.
