General Comment

To President Obama and the Politicians, I have struggled all my life to save for my family and my retirement. I do not have a lot of money but when I retire I would like to use this as I see fit and not being told what I can do with it. Also I would like to add that I do not want my money taken from me and given to others that don't want to work and are lazy. This is the land of opportunity. So people have the opportunity to get a job, work and get paid. Do not take my 401k money from me it does not belong to you and never did.
