Comment on FR Doc # 2015-14921

Submitter Information

Name: Dave Hansen

General Comment

We do not need the government to falsely help us invest in our retirement. We have watched as the government has squandered away the social security funds that were supposed to be there to help us in retirement. There isn't one successful social government program. Do not pass any laws to limit how we decide to use the funds we save through 401k or any other individual retirement investments we the people build for ourselves.
