RE: Proposed DOL Fiduciary Definition Changes

Please do not "help" us with more burdensome and unnecessary regulation.

There is not a problem big enough for this change to "help".

This is not a change helpful for any current problem.

There is not a real problem that needs any "help" from this proposal.

Please do not make any change, especially not this proposal.

37 years serving the financial needs of individuals, families and small businesses has been accompanied by increasing regulations and paperwork and burdens for the average person. Do not add to the problem with this nonsolution.
