## General Comment

Stay the f--- out of our business. We are sick and tired of you [redacted], who, by the way, have ruined our economy and couldn't manage your way out of a wet paper bag, trying to micro manage the American citizens business, including our 401k savings. If you continue to try and weasel your sticky fingers into our "retirement plans", we will 0-out our contributions and put it where you for sure can't [redacted] us out of it. C'mon, you jerks have managed the American economy into the poor house. You have some [redacted] nerve, thinking that you have ANY economic soundness between your ears. It's rediculously presumptive of you, to think we trust any of you anymore.
