## General Comment

Please let me decide my future. I thought I lived in a sovereign country. I am losing sovereignty slowly every day. I can barely function my business. I make less now as a business owner than I did as an employee of another company. What happened to the industriousness of the American people? I work solo now. Used to have employees. Government is destroying small business. Get out of my life. Get out of my head. Let me improve on the local businesses that affect my community. Start small and Keep It Simple Stupid. Government has complicated everything.
