## General Comment

I am not in favor of this additional rule. There are already too many rules that limit my ability to make decisions for myself. I suggest that the Federal Government allow citizens full control of their own retirement plans and reduce the taxes so that retirees might have more dollars to spend during their retirement years. After all, we worked for every dollar. Social Security funds have been poorly handled by the Federal Government and I think it is a disaster to allow them any more control.

Respectfully,  
Kathleen Jones
