General Comment

Please tell the Obama Administration to leave my 401K retirement savings and flexible spending tax savings accounts alone! They have done too much damage already!

The middle class is taxed so much we can't pay our own bills!

The PPACA has caused the insurance carriers to reduce benefits on current plans that employers provide to their employees because of bad legislation they are forced to follow.

The PPACA is not constitutional and was passed by coercion and now our judicial branch has been bought off to keep it in place, regardless of how it is written.

Why doesn't congress have the PPACA plan?

Our country was formed because we had TAXATION WITHOUT REPRESENTATION!!! We are repeating history...and we are fools to continue down this path.

Individuals will make better decisions and work harder if they are allowed to have a steady, full-time job, make enough money to live a decent life and take care of their own and create their own destiny.

A person making their own money will always give back more to society in some way weather it be jobs, ideas, money, love or kindness; while Government can only take or regulate and rule.

Government=power=corruption=poverty HISTORY!
