Comment on FR Doc # 2015-14921

Submitter Information

Name: Traci Jeffers

General Comment

The federal government is not responsible for how I survive when I retire. The money that I have put back for myself should be spent at my own discretion. This is another over reach by the federal government, as has become common. My neighbors don't manage my money. My friends don't manage my money. The government shouldn't either.
