## General Comment

Do not change anything. Leave my investments alone. The ONLY changes I would support are:

1. Remove all limits on my money that I earn, and then I contribute to my IRA. The government should have absolutely nothing to do with my investment choices. \$5k a year is nothing and I don't even get a deduction for it anymore.
2. Remove all limits on my 401k. Again, money that I earn, and deposit in my 401k plan, the government currently sends it back to me with a nice note saying that I make too much money to be allowed to save tax free. Screw you!

Stay out of my personal business.
