Comment on FR Doc # 2015-14921

Submitter Information

Name: Jack Banowsky

General Comment

I am concerned that regulations are being enacted that would put limits on how I spend my 401K and IRA retirement savings.

These are private accounts funded by my hard work! I do not want the government to tell me how or where to spend that money. Government's role should only be to provide valuable information to help people decide for themselves how to spend their money, not to dictate or direct through regulation!
