Dear Sir or Madam,

PLEASE DO NOT CONVERT OUT 401(K) ACCOUNTS TO ANNUITIES! PLEASE DO NOT DO WHAT ARGENTINA DID.

I and millions of other holders of 401(k) accounts put money into these accounts because the funds are ours and we have control over them. To take away control by converting them to annuities will lead millions to not contribute to these accounts and subject those who do contribute to having their hard earned savings taken through inflation and manipulation of interest rates.

I and many like me will oppose this. We do not want the U.S. to do what Argentina did!

Daniel Johnson
