To whom it may concern,

I have a small business with a 401k plan, and we each have IRA accounts. We have been adding our hard earned money to these plans since 1981. I want to retain the ability to direct my retirement plans the way I see fit and want to tell you in no uncertain terms to keep your mitts off my retirement money. The admin that grabs the retirement accounts of Americans will be thrown out of office faster than they can say Communist paradise.

One last word: f'getaboutit.

Sincerely,

Cathy Cuthbert
