Subject: RIN 1210-AB33

Stop stealing my hard earned money. The money in my 401k was earned by me and I want your hands out of it, as it is rightfully my property.

Anyone who votes for this measure will be summarily voted out of office. Furthermore, if you continue in these violations of rights, you will see the world of Atlas Shrugged much sooner than you think--and there will be nothing more for you to loot.
