General Comment

This is a treasonous idea. I will oppose this with every means at my disposal legal, physical and otherwise. The federal government has no right to the savings I have taken a lifetime to accumulate. Any elected official who supports such a scheme, I will make it my mission in life to see they never spend another day in public office. Any appointed official who supports this should expect to see myself and millions of others as soon as it is known whats in this proposal, outside their windows with signs and buckets of tar and feathers. Leave my savings alone or suffer the consequences. If there are shortfalls in the public coffers, start by cutting spending. I don't need your help, I need you off my back.
