Subject: RIN 1210-AB33

Are you kidding me? You want the organization that has bankrupted an entire country to manage my savings? Either you are completely insane, or you think no one is paying attention and that you can use the short term expedient of stealing a huge store of wealth in order to save this country.

No, you may not steal anymore of my property. Stop punishing hard work and responsibility; stop rewarding indolence and irresponsibility.

Jeff Springer
