**General Comment**

I understand exactly what this proposed legislation will do and am very much opposed to the entire idea. I've been responsible and have saved for retirement since I began working more than 16 years ago. I will NOT stand by and allow the government to *confiscate my life's savings* in return for an empty promise to "take care of me" when I reach a government decided "retirement age"!!! The completely broke Social Security "Trust Fund" is a perfect example of why this won't work. My sacrifices to save all my life will not be squandered away by the government. I will not allow that to happen.

I am working diligently to make everyone I know aware of what is going on with this legislative proposal. I am going to do everything I can do to ensure it is defeated and that any elected representative who supports it is defeated at the polls. I would rather donate all my savings to ensure defeat of people who would consider such legislation than to have it taken by those same corrupt politicians!!!

NO, NO, NO, NO, NO!!! TO THIS LEGISLATION.
