**General Comment**

DOL - I do not support the rules proposed in RIN 1210-AB33. These rules would negatively impact the financial freedom of responsible citizens. I understand that the intent of these rules is to care for those who cannot manage to care for themselves, but I do not believe that these measures are the way to achieve national prosperity. The government is not the proper entity to control citizens' retirement plans.

Respectfully,  
Jeremy Hannigan
