General Comment

As a disabled American, I am writing to you in support of the proposed amendments to the disability ERISA laws: RIN-1210-AB30. The current rules have worked against the disabled in this country who have dutifully paid in for many years into their private long term disability insurance. Some have had to fight for years only to see that the ERISA laws are stacked against the disabled. The amendments will assist the disabled to fight for their deserved disability payments as promised by their LTD companies.

Sincerely yours,
