Re: Interim Final Rule for Group Health Plans and Health Insurance Coverage Relating to Status as a Grandfathered Health Plan Under the Patient Protection and Affordable Care Act

As a consumer I wish to take this opportunity to formally comment on the interim final rule regarding health plans and "grandfather" status (Document ID IRS-2010-0010-0001).

I believe consumer protections are vitally important and should be extended to as many people as possible. I specifically support the position and detailed comments offered by the American Chiropractic Association about the implementation of the triggers or conditions to extend these protections to consumers under currently existing "grandfathered" plans. The conditions should not be weakened or reduced in any way.
