Subject: Excellent decision to support birth control access for all women
Date: Tuesday, August 02, 2011 5:11:41 PM

Dear Kathleen Sebelius, Secretary of Health & Human Services,

The Department of Health & Human Services has made an excellent decision in requiring health insurers to cover the full cost of contraception, with no co-pay, beginning in August 2012.

Women's health is too-often not a priority in health care policy. This is a very important decision. Birth control is a critical part of preventive care, and making contraception available to all women, regardless of their insurance or ability to pay for it, will significantly reduce long-term health care costs associated with unplanned pregnancies.

Thank you for prioritizing women's basic health care needs.

Sincerely,

Leslie Reagan
