Subject: Thank you for supporting birth control access for all women

Dear Kathleen Sebelius, Secretary of Health & Human Services,

I commend the Department of Health & Human Services' landmark decision requiring health insurers to cover the full cost of contraception, with no co-pay, beginning in August 2012.

This decision enables women to have control over their bodies. It is each individual woman's decision whether or not she would like to become pregnant, so ensuring that the full cost of birth control will be covered by insurance companies is a step in the right direction for the reproductive rights movement.

Thank you!

Sincerely,

Katie Gartner
