Subject: Objection to Paid Contraception in Health Insurance
Date: Wednesday, August 03, 2011 2:17:57 PM

I object to the fact that contraception should be paid for by my health insurance carrier.
I have a right to my own conscience and I will not support contraception or abortifacients.
I object profusely, to the rulings that were passed on August 1, 2011 by our government. .
