Subject: Conscience Protection for Patient Protection and Affordable Care Act (Health Care Reform)
Date: Wednesday, August 03, 2011 3:38:49 PM

HHS

Pregnancy is not a disease to be prevented and contraception should not be mandated "preventive health service." Respect for conscience is the foundation of a just society. A robust conscience protection should be granted, not only for all religious employers, but also for all employers, insurers and policy issuers with moral, ethical, or religious objections.

Sincerely,

John and Dorothy Menke
