General Comment

Please don't force me to pay for abortion-inducing drugs with my healthcare premiums;
The HHS mandate will undermine Missouri law which allows people of faith to opt out of abortion-inducing emergency contraception and birth control coverage;
Catholic institutions should not be forced to provide emergency contraception that can cause abortion and birth control, because use of these drugs violates Church teaching;
Pregnancy is not a disease; Abortion is an elective surgery.
Preserve the rights of conscience and religious liberty for people of faith.
