General Comment

- Please don't force me to pay for abortion-inducing drugs with my healthcare premiums;
- The HHS mandate will undermine Missouri law which allows people of faith to opt out of abortion-inducing emergency contraception and birth control coverage;
- Catholic institutions should not be forced to provide emergency contraception that can cause abortion and birth control, because use of these drugs violates Church teaching;
- Pregnancy is not a disease;
- Preserve the rights of conscience and religious liberty for people of faith.
