To Whom It May Concern:

I am writing today to ask in the strongest way possible that you rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients.

Please recognize what you are doing -The federal government is mandating that all private health insurance plans cover contraceptives and sterilization services (including those with abortifacient mechanisms of action) free of charge. This will only increase health insurance premiums. And, as with anything that 'free' to the user it will be taken advantage of in abusive and wasteful way. Please think of the waste and abuse of medicaid (free medicine), foodstamp, welfare. Do you realize how many people receive foodstamp and welfare while working under the table for CASH. Thereby, avoiding paying taxes and taking advantage of the the government benefits at the same time. I urge to please stop wasting money where not necessary starting with this unnecessary mandate.

Sincerely,  
Thu-Van Luu
