General Comment

The promotion of promiscuity that has taken two generations of young people in this country to the brink of extinction with sexually transmitted diseases, as well as a lack of value for life, demonstrated by the outrageously large number of abortions, will only be promoted further by passage of this part of OBAMACARE. I am vehemently opposed to any form of coverage of this sort at my (taxpayers) expense. These programs provide services under the label of "preventive," which are actually proactive and border on abortion (depending on your strict definition of such).

Again, I am opposed to this coverage at taxpayers' expense, and hope it will not come to be.
