Comment on FR Doc # 2011-19684

Submitter Information

Name: Alice Davenport

General Comment

I urge you not to provide any exception whatsoever for religious employers in covering their employees. We know that contraception saves lives and improves the well-being of mothers and children alike when those mothers are able to control the timing and spacing of their children. To allow the religious views of an employer to cause harm and even death to women and children would be unforgivable.
