To Whom It May Concern:

I have 3 requests:

1. Please rescind the mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients.
2. I also ask you to reconsider your definition of "religious employer" and offer an authentic conscience protection for any organization and business that has moral or religious objection to providing such insurance to their employees.
3. Please protect the conscience rights of insurers, providers and people like me who object to being forced by the federal government to offer or subsidize contraceptives and sterilization services, especially when some of these drugs can take the life of early unborn children.

No Americans should be forced by the federal government to subsidize services they object to.

Sincerely,  
Cris Johansen
