Subject: Standardizing SBC definitions!
Date: Thursday, September 22, 2011 2:49:42 PM

Hello,

Please standardize the definition of the out-of-pocket limit so that all Americans can see their true financial exposure when they shop for a health plan. And don't stop there. Standardizing all definitions on that document will go a long way to helping people truly compare apples to apples.

Sincerely,

Jennifer Weland
