General Comment

RIN 1210-AB63

I would like to comment on this regulation in regards to the request about reporting requirements in light of the Gobeille v. Liberty Mutual Insurance Co. If, as a part of the final version of this rule, claims data is required to be submitted to a claims database, the format of the claims data submission should be a format authored by one of the HIPAA-named Standards Development Organizations (SDO). This way the claims data will most-closely match the data as seen on the standards transactions used for submitting the claims to the payers.
