Subject: Why I am "Opposed to the DOL Fuduciary Rule" in it's current form!

To Whom it May Concern:

As a 37 year veteran of the Financial Services Industry, I respectfully oppose the DOL Rule and wish to see it completely repealed. The impact of this rule in it's present state discriminates against, and will discourage the average American from seeking professional advise on how to properly save and invest their money.

It is a false premise to state and believe that fee based planning is the only way to act in the best interest of a client when giving sound financial recommendations. Every situation is different, just as people are, and should be treated accordingly.

Again, I strongly support the current Administration's to Repeal the current DOL Ruling!
