Department of Labor,

I am already retired and receive a reduced pension from the PBGC plus Social Security. I "lost" over \$700 per month due to United Airlines bankruptcy, so I am keenly aware of the shenanigans within corporate America regarding their promises. The financial industry has shown that they look out for themselves first.

So I support the implementation of the Department of Labor's conflict of interest rule and oppose any delay of the rule, since my wife is still working and has pension investments. The DOL should conclude that the proposed delay is unjustified and that the rule should be implemented beginning on April 10th.
