Subject: RIN 1210-AB79

I am a voting citizen smart enough to make my own financial decisions. I absolutely oppose rule RIN 1210-AB79. This rule should be delayed and repealed immediately. Get the federal government the hell out of our financial lives. We don't need a babysitter! Just like the ridiculous Obamacare fiasco, now you want to screw with out IRAs and 401Ks? Get a life, and stay out of ours!
