Please, help us, the small business senior market advisors be able to keep helping our seniors! Please understand and pass the 60 day delay for the DOL issue.

Without your help, seniors will not be able to get unbiased, informative and helpful advice from the agencies that are not brokers. Which also means you are forcing them to go to brokers, with exorbitant fees, where we don't charge fees.

Not to mention, all the disruption this DOL issue is creating. Please support the delay!

Thank you,
Christine Turpin
