

To the Department of Labor,

RITV 1210 -
AB79

Please implement the D.O.L. Conflict of Interest rule! I am a teacher from G.A. who loves her job, but gets paid very little (private school).

I am counting on my 401K and the trusted Financial advisers who manage my account. I rely on their good advice - and them acting in my best interest - so I will be OK in my retirement. Please don't delay this implementation.
