Subject: Protect the hard-earned retirement savings of current and future retirees -- Definition of Term Fiduciary; Conflict of Interest Rule-Retirement Investment (Docket ID: EBSA-2010-0050-3491)

Dear Acting Secretary of Labor Ed Hugler,

Conflicts of interest in retirement advice cost American families $17 billion each year.
Eliminating the fiduciary rule would allow Wall Street firms to take advantage of working people by giving financial advice that benefits the firms rather than their clients. I urge you to implement the rule, which will protect current and future retirees from financial advisers who put their own interests ahead of ours.

Thank you for your consideration of my comments. Please do NOT add my name to your mailing list. I will learn about future developments on this issue from other sources.
