Hello,

I would like to register a comment that the Fiduciary Rule will be harmful to me and my family.

The disagree with a rule that favors passive investment strategies for all investors.

I should have the ability and freedom to select whichever investment I feel are appropriate for my retirement.

I also believe that it will increase costs to investors to gain profession retirement advice.

I believe that more time is needed to review and conduct an analysis of the cost related to the Fiduciary Rule.

Thank you for your attention to this matter.
