Subject: In support of the fiduciary rule: RIN 1210-AB79

Employee Benefits Security Administration U.S. Department of Labor,

Conflicts of interest in retirement advice cost American families \$17 billion each year. Eliminating the fiduciary rule would allow Wall Street firms to take advantage of working people by giving financial advice that benefits the firms rather than their clients. I urge you to implement the rule, which will protect me and other current and future retirees from financial advisers who put their own interests ahead of ours.
