**Subject:** Please rethink the DOL rule.

This rule is making it difficult to impossible to serve small and starting investors.

Please rethink this – here are a couple of ideas:

- 1) Raise the threshold for the dol rule to \$500,000.00.
- 2) Leave the more stringent requirements in place for larger rollovers for older investors ie \$1,000,000 + for investors over age 60.
- 3) Just say no to complicated products that should not be in IRAs such as indexed annuities and illiquid real estate investments.

Please call me at number below so I can share my thoughts.

Thanks,
