Subject: Don't Change Fiduciary Rule (RIN 1210-AB82)
Date: Wednesday, July 12, 2017 3:23:43 PM

Employee Benefits Security Administration U.S. Department of Labor,

My husband and I are like many other Americans, saving towards retirement. We support the Fiduciary rule as written and urge you not to water it down or create loopholes so " financial advisers" can make more money off our retirement funds.

There will be political price to pay. People won't put up with being cheated anymore.
