Subject: RIN 1210-AB82 Protect retirees: Fully implement and enforce the fiduciary rule

Department of Labor,

Dear Sir or Madam,

I am writing this to strongly urge the Department of Labor to fully implement, and fully enforce, the fiduciary rule. There is no reason not to do this, unless one prefers the greed of a few outweighs the needs of the many. Please do not roll back these much-needed and common-sense regulations.

Thank you.

Sincerely,

Steve Kohn
