Employee Benefits Security Administration U.S. Department of Labor,

The fiduciary rule is a 'no-brainer.' Anyone who offers financial advice and DOESN'T put the advisees' well-being first should be required to state this in a large sign and on consent forms the advisees read and sign. This is especially - but not solely - important for the retirement funds on which we depend.

I urge the Department of Labor to protect all working people and retirees by fully implementing and enforcing the fiduciary rule.
