Document: EBSA-2019-0005-DRAFT-0008

Comment on FR Doc # 2019-22901

Submitter Information

Name: Harold Marshall

General Comment

As a consultant to small and medium sized businesses, I strongly support this much-needed advancement. The ERISA rules around notifying plan participants is very dated, not at all in step with current widely adopted technology.

I have over 25 years of experience in HR and work primarily in the technology industry, and applaud you for taking this meaningful step. Employees will be pleasantly suprised that government and companies are adopting tech-friendly practices and the projected savings are very impressive.
