Comment on FR Doc # 2019-22901

Submitter Information

Name: Kelcie Fuller

Organization: CHR Corp

General Comment

Times have changed and with the times we need to adopt new ways of providing information to our employees worldwide. Being able to disperse 401K information to employees via a website verses paper documents would be a game changer. Not only would this cut the time and effort it takes to make thousands of copies and physically disperse them, it would also cut the cost of material. This proposal would be a huge benefit to all companies.
