General Comment

I have never been able to get helpful usable information from either the company I worked for for many years ... or from the (ever-changing) companies who handle the pension. Everything is written in legal mumbo-jumbo that I can't understand. I can't email them and gave up trying to call and get someone who could help.

I worked for a company for around 15 years but my pension is only \$120 a month. It just doesn't seem right but I can't get anyone to talk to me.

Please don't make it even worse for people like me who want to be treated fairly.
