## General Comment

How dare the underworked, overpaid, dwellers in your expensive castle dictate such an egregious policy. We are the retired many that suffered the pain of cuts,bruising,broken bones, torn ligaments,hernias, degenerative disc disease and exposure to many hazardous and toxic materials. It is bad enough the people that are supposed to be working for us and protecting our pensions are the very people destroying our hard earned rights. Shame on you for your inhumane treatment. Our corrupt leaders in Washington in their heated and air conditioned climate controlled environment never worked on a loading dock at 3 am in 35 below zero wind chill, or sweated in a 130 degree trailer in the heat of summer. You have no idea of the blood, sweat and tears sacrificed to achieve a retirement. Is this Russia or the USA?
