## General Comment

To the Department of Labor:

Please remember the main purpose of the DOL. The Department, as well as the entire Federal Government, is Constitutionally required to work for the benefit of the people. It is vital to exert effort to do what is right, even when this means that some corporations will not be able to cut operating costs as much as they would like.

Access to the internet is not universal throughout the United States. The ability to locate information online is not possessed by all citizens. Please do not change the rules to eliminate the requirement for paper notifications and information.

Thank you.
