General Comment

Make it harder to get information??? That seems to be the new normal now. Pension guarantees are almost broke, no one seems to be worried about us. Very upset with another plan to hide more information from us. Worked 33 years for a pension that will be gone in about a year and a half now. Think the public should control the governments pension plans likt they did ours. Soon i won't make enough to pay taxes, BUT i will draw welfare. Sounds like a hell of a plan to me.
